

Safe Handling of Veterinary Medicines

Have you ever injected a drug under the skin rather than in the muscle as directed & wondered if it actually really matters? Are you not completely sure how you would know that you are injecting under the skin rather than in the muscle? Have you ever wondered why can you buy some drugs from CWG etc. and some can only be bought through the vets? Are you farm assured? Or new to livestock keeping? If you answered yes to any of these questions or have any others re medicines then this is the course for you.

PLEASE NOTE - CHANGE OF TIME

Date: Wednesday 9th November 2011

Venue: The Dabbling Duck, Great Massingham, PE32 2HN

Time: 10.30am-3.00pm

Please call Rach on 07900923213 to book your space

Makesure you bring waterproofs and wellies

Fully Booked

HOG ROAST!

Christmas Quiz & Seminar

FREE BAR!

Christmas cards are in the shops so it is that time of year to start thinking about the Norfolk Farm Vets Annual Christmas Quiz. This years specialist observation round will be on Johnes in cattle, sheep & goats. This debilitating disease, for which there is no cure, is endemic in the UK and is solely controlled by good management based on good knowledge of the possible routes of spreading - therefore the impact in your flock or herd is to a great extent in your hands and relies on your knowledge of the disease. So put Thursday 15th December in your diary, work on a few 'ringers' for the team and lets see if there is a team of braniacs out there who can knock the two times Champions "Tiffs Top Guns" off top spot.

Date: Thursday 15th December
Venue: Swaffham Assembly Rooms
Time: 7pm

Please makesure you call Rach on 07900923213 to book your space.

What are the benefits of the DairyCo Mastitis Control Plan?

Work with trained vets and vets to develop and roll out farm specific mastitis control plans to reduce mastitis and its costs, and to improve health and productivity.

Those farms that implemented over 2/3 of the Plan's recommendations achieved a 36% reduction in mastitis incidence in 12 months. Speak to Molly about the benefits of the DairyCo Mastitis Control Plan, or visit the website at www.mastitiscontrolplan.co.uk to find out more about it.
