### What are the benefits of the DairyCo Mastitis Control Plan?

work with trained vets and vets to develop and roll out farm specific mastitis control plans to reduce mastitis and its costs, and to improve animal health and productivity.

Those farms that implemented over 2/3 of the Plan's recommendations achieved a 36% reduction in mastitis incidence in 12 months. Speak to Molly about the benefits of the DairyCo Mastitis Control Plan, or visit the website at [www.mastitiscontrolplan.co.uk](http://www.mastitiscontrolplan.co.uk) to find out more about it.
